We are implementing a more secure space in the chool building. There is a table in the front entrance for you to drop off items for your child **Such as lunches or forgotten** 

haptops. Just ring the door bell and tell us you ar ropping something off for your child and we will trieve it from the lobby table for her or him.

Only the students will be permitted past the front entrance unless you already have a prescheduled meeting with a teacher or office personnel.

Thank you for understanding. One of our rimary goals is to keep everyone inside the building safe and secure.
